REMASTERED WITH BONUS
TRACK AND NEW INSERT

GLASS HAMMER RELEASE

CHRONOMETREE

This is the album which put Glass Hammer on the prog-rock map in a big way. 2000's Chronometree is back now with a remastered disc, bonus track and full insert with story and lyrics. We felt this was a great time to bring back a classic with the release of Chronomonaut in October. Both albums go together to tell the story of Tom, time traveler and prog-rock's ultimate fan.

One distributor told us that Chronometree was "our biggest GLASS HAMMER hit ever, it is also one of our best selling Prog titles of all time !!!" Featuring the first appearance of Susie Bogdanowicz in the GH lineup and stellar performances by guitarist Arjen Lucassen.

"What we have here is one of the best progressive albums of the year, and it probably will stand the test of time and become a future classic. HIGHLY RECOMMENDED!" Greger Ronnqvist - ProgArchives
