GLASS HAMMER RELEASE

CHRONOMONAUT

Bassist Steve Babb says the new concept album tells the story of "the ultimate prog fan." Chronomonaut is a stand-alone album but also acts as a Part Two for the highly successful 2000 release Chronometree. Babb elaborates, "Our album deals with time travel, nostalgia and the love of prog-rock. Chronomonaut's protagonist, Tom, starts his own band and then makes the attempt to go back to the seventies in hopes of becoming a prog-god. It's all in fun and is really a very tongue-in-cheek look at how our favorite music can take us back in time."

The band has been engaged in a buzz-creating viral marketing campaign which NJ ProgHouse Media Manager Jon Yarger describes as "pure genius". "We not only have an epic music video set for release, we have also been releasing found footage from Tom describing his band's exploits and his odd theories on time," explains Babb. Fans have been following Tom's escapades for weeks before the album was announced, and are eagerly anticipating the Chronomonaut release. The gorgeous digipak design incorporates Tom's story and lyrics.

Steve Babb is joined by Susie Bogdanowicz, Aaron Raulston, and Fred Schendel. Guest appearances include Discipline's Matthew Parmenter and Chris Herin.
